This Salomon Adventure Challenge race, which included a field of 47 teams from across Ontario and Michigan, began at 10:30 a.m. on Sunday morning with overcast and humid conditions. The first leg of the race involved an 18 km mountain bike ride from the tourist information centre located on HWY #69 just south of Parry Sound, along the Seguin Trail to Isabella Lake. From here teams continued on foot along snowmobile trails for an 11 km trek, which ended with a very challenging, bushwhack leading teams to the north end of Cramadog Lake. Here they got back on their bikes and headed southbound on McDougall Road, 5 kms to the canoe put-in on Mill Lake. Teams paddled 8 kms across Mill Lake and down the Seguin River. After three portages around dams and paddling against strong winds and rain, teams reached the finish line at Waubuno Beach.

Salomon Adventure Challenge races were introduced last year as a fun, yet challenging way to enjoy adventure racing. The races are open to anyone 16 years of age or older and each team must consist of three athletes. Cost per team is \$300 CDN. The schedule for this year's Salomon Adventure Challenge Series is as follows:

### **About Frontier Adventure Racing Inc.**

Adventure racing is a new sport that has exploded in popularity across North America. Frontier Adventure Racing Inc. is leading that growth in Canada with its incredibly popular Raid the North series. Now in its fourth year of operation, Frontier Adventure Racing has established an international reputation for solid logistics and challenging racecourses. These non-stop races, ranging in length from 36-hours to six-days, require coed teams of four to trek, mountain bike, canoe and negotiate fixed ropes, while navigating the unmarked racecourse through the wilderness. The exact course is kept secret until the night before the race and, even then, teams are only given topographical maps and grid coordinates for the checkpoints they must reach in order. Likened to an expedition with a stopwatch, adventure racing requires teamwork, perseverance and strong navigation and wilderness survival skills.
